

# Labour Day Message 2009

## THIS LABOUR DAY, WE CELEBRATE ...

**LANA PAYNE**  
President  
Newfoundland &  
Labrador  
Federation of Labour

Unions ... the people that gave us better wages, occupational, health and safety laws, pay equity, paid vacation, health benefits and pensions.

Unions ... the people still fighting for adequate employment insurance and workers compensation, stronger pensions, pay equity for all women, child care, good jobs and decent public services.

Unions ... the people who stand up for equality, social justice and a better world.

This Labour Day, we celebrate what we have accomplished for all, but we also organize for the struggles ahead.

This Labour Day, the Newfoundland and Labrador Federation of Labour celebrates the work of our affiliates and union activists who make a difference each and every day.

**Have a safe and happy Labour Day ...  
Executive, Staff, and 65,000  
members of the NLFL.**
