

LABOUR DAY MESSAGE 2011

Lana Payne
President – NLFL

**Have a safe and
happy Labour Day...
from the Executive,
Staff and 65,000
members
of the
NLFL.**

This Labour Day, we celebrate....

Unions...the people that gave us better wages, occupational, health and safety laws, pay equity, paid vacation, health benefits and pensions.

Unions...the people still fighting for adequate employment insurance, decent pensions for all, child care, good jobs and strong public services.

This Labour Day, the NL Federation of Labour celebrates 75 years of resistance, struggle and solidarity; of unions working together to improve the lives and living standards of workers and their families; and of fighting for a fairer world for all citizens.

This Labour Day, we celebrate 75 years of being the change we want to see in the world.
