

DOMESTIC VIOLENCE AT WORK NL: CLOSING IN ON THE COST

The St. John's Status of Women Council has partnered with the Centre for Research & Education on Violence Against Women and Children to launch a survey on the impact of Domestic Violence (DV) on workers and workplaces.

All workers in Newfoundland and Labrador over the age of 15 are invited to fill out this 30 minute online survey to help us learn more about this important issue. Help TODAY by taking the survey and then encourage your co-workers and friends to complete it.

Your voice is important, whether or not you have personally experienced or witnessed violence.

The survey does not take long. **It is voluntary and anonymous.** In appreciation of your time, upon completion of the survey, **you have the option to enter a draw for one of three \$250 VISA gift cards.**

Let's work together to make workplaces safer for everyone!

Fill out the survey at:

Talk to your co-workers, friends, and family and encourage them to take part.
